TVG II Sight Glass

Manufactured by BFG Marine for Modern Engineered Products, Inc

The TVG II provides a dual window sight glass gauge for viewing into all closed tanks. For tankships, tank barges and all land based tanks. The unique design of the TVG II provides the best means for viewing into tanks. The following are some of the unique features of the TVGII:

- ☒ S.S. construction, cast bronze covers
- ☒ Compact design (5 x 15")
- ☒ Pyrex 3/4" glass windows are flush with top plate.
- ☒ Single action wipers, wipe both windows simultaneously.
- ☒ No penetrations through glasses
- ☒ Vapor tight design
- ☒ Dual wiper blades; double-edged and adjustable.
- ☒ Many material options available.
